

STOP! STREET HARASSMENT

We Need Your Artwork:

Make a postcard of artwork to be displayed at MOCA DC on March 18, 2012, for International Anti-Street Harassment Week.

WHAT? Street harassment is unwelcome sexual or sexist words or actions between strangers in public places that is disrespectful, creepy, startling, scary, or insulting. International Anti-Street Harassment Week (www.MeetUsOnTheStreet.org) is a time to bring attention to this issue and brainstorm solutions.

HERE'S WHAT TO DO:

➤ Gather your pencils, markers, scissors and other art supplies. Collage items (paper scraps, pictures, etc.) must be **securely glued to the sheet and don't make it too heavy to mail**. Please **NO glitter, beads** or anything else that will damage or make a mess in our scanner.

➤ Use words or images to complete one of the 3 following sentences:

Stop street harassment by... My street harassment story is... A safe community would look like...

➤ **Fold this paper along the fold lines** (artwork on the inside, address on the outside) and tape together securely. We suggest taping all open edges so nothing falls out in transit. Check to make sure you have enough postage and mail your artwork to us (c/o DAWN 5321 First Place NE Washington, D.C. 20002) or you may scan and send it to earl@deafdawn.org. **Please submit entries by March 16, 2012.**
